

INVITATION

Dear Madam/Sir,

I am writing on behalf of Cluj IT Cluster to cordially invite you to take part in the international conference we are organizing at the end of May, on the 30th and 31st of the month, entitled *Cluj Innovation Days* where the focus will be on topics about *the effects of digital transformation and future perspectives*. This is an annual event that brings together business leaders, representatives of Government and local authorities, personalities from academia and IT specialists. The event is dedicated to the promotion of innovation across industries, but also to the enhancement of interest of various stakeholders for identifying collaboration opportunities.

Approximately 300 people are expected to attend during the two-day conference. More details will be available on the event's website www.clujinnovationdays.com which is subject to regular updates. The event is hosted by one of the leading universities in Romania, *Iuliu Hatieganu University of Medicine and Pharmacy Cluj-Napoca* (<http://www.umfcluj.ro/en/>).

As we believe that your presence will be mutually beneficial, we kindly invite you to join us and be part of this innovative event.

We would be more than honored to welcome you at Cluj Innovation Days 2019.

Sincerely,

A handwritten signature in blue ink, appearing to read "Stelian Brad".

Prof. dr. ec. dr. ing. Stelian BRAD,
President
Cluj IT Cluster
